You'll save time, money and effort using our storage Rooms. Best value portable storage delivered to your door, secure, pack at your own pace, then we pick-up and take to store. Simple, convenient, hassle free service! **Call 1300 BoxNgo 1300 269 646**

BoxNgo Advantage	Your Benefits
<b>1. We Bring BoxNgo storage Rooms to you</b>	We deliver the BoxNgo Room to you. You don't need to live within a couple of kilometres of the storage facility because we bring the BoxNgo Room to you anywhere within our service area – check our coverage at <a href="http://www.boxngo.com.au">www.boxngo.com.au</a> Save a huge amount of time and money. No need to worry about drive time or lack of available storage space.
<b>2. No security deposit</b>	There is no security deposit required for either the hire of the BoxNgo Room or storage at our storage facility.
<b>3. No hidden charges: Detailed service specification made to order just for you</b>	BoxNgo will provide you a service specification tailored to your specific requirements from a range of services including: <b>1.</b> Rental of your Room; <b>2.</b> Initial delivery to your door; <b>3.</b> Pick-up to our storage facility; <b>4.</b> Storage costs; <b>5.</b> Access to your Room at our storage facility or back at your site; <b>6.</b> Return delivery at end of your storage term; and <b>7.</b> Empty pick-up returning the Room to BoxNgo.
<b>4. We'll place your box just where you want it</b>	Because BoxNgo uses a forklift delivery system, our portable storage Rooms can be placed in a variety of areas. Our delivery system only requires 2.75m in width and 2.60m in height.
<b>5. You are charged only for what you use</b>	Each Room will hold 40 to 50 medium sized moving cartons or about 60 standard file boxes, totalling 1,000kgs in weight. Don't worry if you overestimate the number of Rooms that you need. We'll happily pick up the empty Rooms without charge. We warrant you'll are only charged for the Rooms you use!
<b>6. Avoid the hassles of truck or trailer rental</b>	With BoxNgo there is NO standing in line to rent a truck or trailer, NO issues with availability (often these are not available during busy times like the weekend), and NO hidden costs in addition to the rental fee like kilometre charges, petrol and insurance.
<b>7. Pack at your own pace</b>	With BoxNgo there is no need to pack the truck, haul your belongings to the self storage facility, unload the truck and re-pack the self storage Room. You only pack your BoxNgo Room once, saving a lot of time. In fact, in one study the total time it took to use the BoxNgo system saved 75% of the time it took for traditional self storage.

- 8. 100% Money back guarantee – we remove your risk in doing business!**

If you are not absolutely delighted with our service, the practicality of our system, or believe you have not received value for money, anytime within the first 7-days of the delivery of your BoxNgo storage Room, then we'll refund your initial service fee in full.
- 9. We have built the better storage Room**

We have built a portable storage Room that provides a more appropriate size at a more affordable price. It is a tested and proven size. This size was chosen because of its proven advantage in helping prevent damage, since it is easier to securely pack belongings in several smaller Rooms than one large container. Yet, the BoxNgo Room is big enough to handle your largest furniture including king-sized beds and oversized couches
- 10. Modularize when storing**

Split your belongings up into logical groupings. Put the garage items in one Room, the leather furniture in a separate Room and your college student's stuff in a third. It makes things easier to find, reduces any risk of contamination and separate Rooms can be returned at different times if you so choose.
- 11. Safer for your belongings**

The BoxNgo storage Room helps prevent damage to your belongings which can occur each time you move your things. By loading your things only once into the Room you are cutting your chance of damage in half.
- 12. Ground-level loading**

The BoxNgo Room's floor is about 100mm off ground level so there are no narrow, awkward loading ramps to wrestle with.
- 13. Lock your Room**

When you've finished packing, just lock your Room. We supply padlocks or you can provide your own. Either way, you'll be the only one with access to the key, as you are the only key holder.
- 14. Convenient size: 1.525m wide by 2.4m long by 2.15m high**

The BoxNgo Room can be placed anywhere a car can be parked: in a driveway or parking space (for businesses and apartment complexes); most anywhere on private property. Typically, two Rooms will fit one standard parking spot. Find a fairly level surface on which to place the BoxNgo Room and there should not be a problem.
- 15. Terminate your rent whenever you desire with no penalty**

BoxNgo is priced on a highly competitive daily rate. The minimum rent is one month's rent. Rent is payable monthly in advance but any days not used at the end of your storage period will be credited/refunded back to you.
- 16. Access your stored items, back at your place**

Access your stored items FREE 7 days a week at our storage centre - conveniently add or take away your items. If you wish, we'll bring your BoxNgo Room **back to you** and then return to pick it up when you're ready.
- 17. Convenient storage Room size makes finding things easier**

Finding something in your BoxNgo storage Room is simple, due to its manageable size. There's no need to search through metres of your belongings in a storage Room to find that one box all the way in the back!

- 18. Store at your site** If you need frequent access to your belongings you can keep the weather resistant BoxNgo storage Room at your site for as long as you need, depending on your local regulations. This is ideal for renovators, and sporting and charity event organizers.
- 19. Best value pricing – better value for multiple rentals and longer storage terms** Check our rental rates out at [www.boxngo.com.au](http://www.boxngo.com.au) Our pricing is very attractive versus traditional self storage facilities and you avoid the hassles and costs of truck or trailer rental. Our pricing is also attractive versus other, larger portable storage solutions on the market. Our smaller portable storage Room is more appropriate for most of the market and our associated pricing more affordable.
- 20. Each box holds 1-1 ½ rooms** Each BoxNgo storage Room holds 1 to 1 ½ rooms of your belongings. This allows you to better organize and protect your things by separating your nice furniture from your lawn equipment. The Room will hold anything you want to put in it, including oversized furniture.
- 21. High security storage facility** The BoxNgo storage centre is a modern clean and safe facility, equipped with complete security systems including motion sensors, fire alarm and 24-hour video surveillance.
- 22. No long-term contracts** At BoxNgo there are no long-term contracts to sign. After the first month, you can terminate your storage with us at any time without any penalty.
- 23. Superior construction of the box** The BoxNgo Room is constructed out of wood (from managed forests) with pressure treated wood at the bottom of the Room to protect your belongings from groundwater or rain water while the Room is on your property. The wood frame allows the Room to “breathe” while stored in our storage facility (metal boxes can sweat and experience interior condensation when the humidity and temperature change). When the BoxNgo Room is out of our storage facility, it is covered with a heavy-duty, water-proof cover to protect your belongings.
- 24. No CO2 – a truly carbon neutral storage business** Like you we care for the environment. When you use BoxNgo you’ll have the comfort of knowing all our services are carbon neutral. We have not only purchased carbon credits to account for the emissions embodied in the BoxNgo Rooms you’ll use but also for our total operational emissions as well.
